Motion for Board Consideration

PRNC Board Meeting

April 19, 2017

- Motion:** Discussion and possible action to authorize the Board president or his designee to prepare a letter to the AQMD requesting information on the scope and schedule for the health study mandated by their settlement agreement with SoCalGas, and for the letter to be brought to the Board for its review and possible approval at the May general meeting.
- Proposed by:** Jason Hector
- Description:** The Air Quality Management District (AQMD) entered into a settlement agreement with the Southern California Gas Company (SoCalGas) to fund a community health study in the amount of \$1M. AQMD has not provided any information on how the study will be developed and implemented, and what its schedule will be. The PRNC wishes to open a line of communication with the AQMD to obtain information on their plans for the health study, and ensure that it provides some benefit to the community.
- Benefits to PR:** By requesting information from the AQMD, the community can get more information about the long awaited health study such as the scope and schedule of the health study. This motion will allow for a discussion to take place regarding the health study giving the board and stakeholders a chance to weigh in and express their views on the issue.
