## Motion for Board Approval

January 11, 2017

**Motion:** Discussion and possible action to appoint of one or more PRNC Board member(s) to the Film Liaison Position.

**Proposed by:** Susan Gorman-Chang

**Description:** As we have all experienced, the film industry films on location in various parts of our city, including Porter Ranch. The role of the Film Liaison is to be the point of contact between Film LA, our NC and our community. FilmLA, is the non-profit that coordinates location filming throughout our city of Los Angeles.

The Film Liaison will work with FilmLA to ensure industry and community are communicating. The Film Liaison may also be a point of contact for stakeholders who may be interested in supporting film by registering locations, vehicles, and businesses that can be used in film projects.

See attached for information on the Film Liaison Town Hall to be held on January 26, 2017.

**Benefits to PR:** A PRNC Film Liaison would allow for better communication & coordination with the film industry, which periodically films in Porter Ranch. The Liaison would be a benefit Porter Ranch by keeping us better informed, becoming acquainted with location filming by attending Town Halls, while garnering and sharing information about best practices with other NC Film Liaisons from other parts of the city.

## **Neighborhood Council Film Liaison Town Hall**

LA's Film Czar, Kevin James will be welcoming Neighborhood Council Film Liaisons to the first citywide Town Hall on Thursday, January 26, 2017 at 6:00 pm in Public Works Chambers on the 3rd floor of LA's City Hall.

Neighborhood Council Film Liaisons will have the opportunity to meet representatives from FilmLA, the non-profit that coordinates location filming throughout the City of LA and beyond. In addition, Location Managers, Production Managers, and Permit Company representatives will be there to join in a robust conversation of the film industry, location filming, and opportunities for partnership.

In addition, Neighborhood Council Film Liaisons will be offering best practices from their experience working with the Film Industry, including the mitigation of issues and conflict but also sharing their experience in partnering with the industry so that the local community benefits from filming in their neighborhoods.
