Neighborhood Council Proposal

The Web Corner can create a custom website for the Neighborhood Council and supply full support monthly. The Web Corner has established a solid reputation with Neighborhood Councils and has never billed a council outside the monthly cost. We understand the budget and obligations the council needs to fulfill and we are fully capable of meeting these needs.

The council will be able to work directly with us via phone, email, in-person, or even by fax. The Web Corner has a storefront located at 19509 Ventura Blvd. in Tarzana.

See below for more details on these options.

Thank you for your interest in our company.
