Motion for Board Consideration

PRNC Board Meeting
Feb. 12, 2020

Motion: Discussion and possible action to create and submit to CD 12 a PRNC Sidewalk Repair Priority list for areas within Porter Ranch.

Proposed by: Jason Hector (Beautification Committee)

Description: The City is getting close to completing the first phase of sidewalk repairs around City owned facilities such as parks, libraries, fire stations, etc. and is now starting work on "Access Request Program" repairs. These repairs are requested by/for people with a mobility disability who encounter physical barriers such as broken sidewalks, missing/broken curb ramps or other barriers in the public right of way.

It is important that PRNC does outreach to identify and help our stakeholders to input the sidewalk repair requests on 311 as well as consider adding the locations to the PRNC priority list to escalate the repair process.

In order to get the some of the most damaged sidewalks repaired in Porter Ranch, it is necessary to create a list and submit it to CD 12 for their presentation to Bureau of Engineering to be included in upcoming sidewalk repair meetings and repair packages submitted to Board of Public Works. Some locations have been identified. However, it is important to hear from the community, particularly those experiencing mobility barriers in the public right of way and assist them in submitting repair requests.

Benefits to PR: Helping to get our stakeholders get sidewalks repaired as soon as possible to improve mobility in the public right of way for all our stakeholders in an ongoing community request. Also repairing sidewalks improves safety and overall appearance of the community.

Is this a Time-Sensitive Motion (Yes/No)? YES

If the answer is “Yes”, please explain: N/A CD 12 deputy is waiting on a list to be provided for next months meeting.
